WHO IS WHO

---

### **Q: What are you most proud of in your business life...?**

In my business life I am proud to be a part of a young and dynamic team that has accepted the challenge to get Bratislava on the map of congress tourism.

### **Q: ...and in your private life?**

It has been a few times now that I have managed to get up very early to go to yoga class!

### **Q: Wisdom / motto?**

New day – new motto.

### **Q: Where are you going to spend this year's holiday?**

In Mexico. I have an invitation to the wedding of my very good friends, so I am going to be one week in the city and another in the jungle of Yucatan.

### **Q: What was your favourite vacation?**

I love exploring new countries, people's lives, their customs and cultures wherever I can on this planet. I have been so lucky to visit quite few special places, but to mention just a few – Cuba was my last vacation, but Morocco and the Danube delta are also impossible to forget.

### **Q: Where would you go if there were no time and financial constraints?** Everywhere.

### **Q: What is your favourite indoor / outdoor activity?**

Apart from the usual sports activities like cycling or skiing, I have a special passion for water, and also for trying to get my balcony green. I am very aware of the fact that this might sound creepy to many people, but I really do love cleaning my place – vacuuming is the best cardio for me.

### **Q: What is your favourite dish and restaurant (anywhere in the world)?**

Any of my grandma's dishes, which are always accompanied with endless stories.

**Q: What is your favourite gadget?**

Thanks to technological progress, I can do pretty much everything with my phone.

**Q: Which song do you most often play on your iPod?**

There are so many of them, but I have just one problem – when I hear them I have to sing along.

**Q: Which part of the day and of the week is your favourite?**

After coffee, I can fully enjoy anything. 2

**Q: What is your favourite mode of transport?**

In the city during winter I use public transport, but as soon as the weather conditions allows it I grab my kick scooter and I am unstoppable.

**Q: If you could return to the past or hurry to the future, how old would you like to be, and why?**

I try to enjoy every single moment.

**Q: If you could witness any event in history, which one would you choose?**

The coronation of Queen Maria Theresia, and if there is anybody who missed it there is still a chance to see it in June in Bratislava.

**Q: What was the best party you ever attended?**

I sincerely hope that the best parties of my life are still to come, and that there will be many of them.

**Q: Your last film, book and concert?**

Toni Erdmann, Kate Bolick – Making a life of one's own, Radio\_Heads Award (Awards of Slovak alternative music).

**Q: What fantasy character would you be?**

Of course, I would go for Khaleesi.

**Q: What did you learn to do last week?**

How to cook Tom Kha Gai.
