

Golf

Not all sports are about force and speed. Golf is one of these; a combination of sports, relaxation and the possibility to enjoy the surrounding environment.

In our region the popularity of golf is not extremely widespread. However, through its social character, golf is gaining more and more popularity here.

In addition to sports and social experience the golf resorts near Bratislava also boast a charming environment and renowned restaurants.

Tips

Gain experience with newly created golf courses and resorts only few minutes from Bratislava.

Pressburg Golf Club, Dunakiliti, Hungary a 9-hole golf course ([prgc.sk](#))

Golf and Country Club, Bernolákovo 36-hole golf resort ([golf.sk](#))

GC Elán, Čierna Voda a 9-hole course ([gcelan.sk](#))

Adventure climbing

Artificial climbing walls - Climbing Centre Vertigo and the climbing wall K2 (the largest in Slovakia) ([lezeckastena.sk](#))

Natural climbing walls - the rock face above the tram tunnel under the Castle of Bratislava (total length of 20 m) and also the Mecca of Slovak climbers - the rock face at Pajšún near the village of Borinka (total length of 30 m)

Water sports

Bratislava is located alongside the Danube River and it is also surrounded by many wonderful natural lakes as Zlaté piesky (Golden sands), Rusovce, Malý and Veľký Draždiak. A unique and unforgettable experience can be found at the Water Sports Centre Čunovo.

Sunny warm weather typical for this region from May until October attracts many to enjoy the waters outdoors or in swimming pools. (Here's a list of all swimming pools and all possibilities for swimming in Bratislava and its surroundings www.visitbratislava.com)

- ▶ **Water Sports Centre Čunovo** together with all its facilities fulfils the highest quality criteria. The European White-Water Slalom and also the World Championship took place here. It's a training location for top white-water slalom professionals and rafters, as well as for leisure sport-freaks and others who love to try their hand at adrenaline-filled water sports (divokavoda.sk).
- ▶ **Danube and its still arms** attract kayakers who prefer calmer waters and enjoy paddling on the Little Danube. You can rent a kayak at Karloveská zátoka. (The bay of the Karlova Ves borough). We recommend a canoe day-trip. This offers you rarely-seen views of untouched nature on the Little Danube. (authenticsslovakia.com)
- ▶ **Speedboats, scooters and water skis** can either be used on the Danube or on the lakes of Zlaté piesky (Golden Sands). After a blast on the water, visitors can chill out once more on the Danube while taking in a sightseeing or party boat trip. (vyletne-playvypodunaji.sk, speedboats.sk)
- ▶ **Hydrospeed** - meaning white-water boarding - and wakeboarding, a combination of water skiing, snowboarding, and surfing behind a motorboat will attract only the bravest visitors. These experiences and more are on offer at the Water Sports Centre Čunovo.
- ▶ Close to the city centre on the right bank of the Danube River (from the Petržalka borough side) **Magic Beach** comes into life each summer. Here you can play beach-volleyball and for all active visitors there is a full open-air training programme prepared from June until August.

Nature in the city

Bratislava is a green city. From each and every corner you can easily reach a park or a forest. In these locations relaxation is never far away.

Yoga in the park

Sad Janka Kráľa (Janko Kráľ Park) on the right bank of the Danube (in Petržalka) is the oldest public park in Central Europe. You can meet active runners, sportsmen doing yoga, stretching routines or martial arts in this popular "Hyde Park" of Bratislava.

At almost a finger's length from the historic Old Town is a city park called **Horský park**, where you can find yourself in a dense forest, despite still being in the city. The current 22 hectare park was established at the end of the 19th century and right to this day remains lush and rich with its original fauna and flora. The spacious park allows for jogging, brisk walking, or simply the space to exercise freely - not to mention the high air quality (horaren.sk).

Another age-old oasis of relaxation for residents and guests alike is the natural area of **Železná studnička** and also the neighbouring sporting grounds of **Partizánska lúka** (Partisan Meadow). You'll find attractive routes for cycling, a mini football playground and different hard-wearing surfaced areas for basketball or volleyball here. Also available is a lift up to the top of the Koliba hill. Tourists exploring the area either on foot or by bike are also able to use the cable car to the top. Under the Kamzík television tower, there is also a summer bobsled track offering adventure for young and old (bobodraha.sk).

From the cable car which carries you up to the Bratislava landmark that is the Kamzík television tower on Koliba hill, you can enjoy wonderful views over the city. From this height you can also admire one of the eldest forests in the Little Carpathians. You can reach the lift from the city centre in less than half an hour. The cable car can carry both you and your bike.

Running in the city

From time to time it is important to do something for your own body. Jogging is an ideal option as a full-body workout. Bratislava offers many jogging routes and events.

The most famous running events in the city

- ▶ **The National Devín**
Bratislava Run, an event since 1947 (11 625 m, devin-bratislava.eu)
- ▶ **ČSOB Marathon**
(42,195 km), Night Run (bratislavamarathon.com)
- ▶ **History Run**
a running route through the historical city centre (ca. 6 km long, gorunning-gtoursbratislava.com)
- ▶ **Colour Run** (runincolors.sk)
- ▶ **Wings for Life**
(wingsforlifeworldrun.com)

Do some urban running

In Bratislava you can join in different marathon events, but of course you can also jog at any time. For instance, along the Danube promenade. For more demanding runners there is a running circuit in the old park Sad Janka Kráľa or in the city borough of Petržalka there are jogging routes around the artificial lakes Malý Draždiak and Veľký Draždiak.

Urban cycling

Cycling is regarded as being immensely popular among the residents of Bratislava. In the city and its surroundings there are a handful of new cycling routes directly connected to regional European routes: EuroVelo 6 and 13.

Excellent mountain cycle routes offer fans of two-wheeled adventures great marked tracks around Biely kríž (White Cross) and the Kamzík television tower. Many forest routes around the tower are less challenging and therefore suitable for casual cycling.

▶ **Bikepark Koliba** - in the natural area of Železná studnička there is an open-all-year downhill cycle route with obstacles called Rohatka (the total length of 1920 m) and also a shorter route Driver 8 (total length of 1300 m) available.

Cycle routes Bratislava

Wine Route

▶ **We recommend a bike trip along the ridge of the Little Carpathians.** The area is also a popular wine region. Enjoy your trip by tasting local wines. info: mvc.sk
