

13. ČSOB Bratislava Marathon 2018

One of the biggest running events in Slovakia, the 13th ČSOB Bratislava Marathon 2018, will be held in between 7th and 8th of April 2018. As the city claims, the marathon is about sport, fun and friendship – it is an event, which brings people together. It is the marathon, where everybody is a winner.

When you run the marathon, you compete against yourself, not others and most likely, you are reaching your personal goal. Nothing is given, one needs to work for it and the experience builds one up as a person. If you can run a marathon, is there anything that you cannot do? You are your own fear, enemy and you are your own pride – join the running city of Bratislava, at the **13th annual event**, which will be held in the Bratislava Old Town, Petržalka and Ružinov on **7th and 8th of April 2018**.

Currently, the **ČSOB Bratislava Marathon** is on the run with the charity campaign »**Help with buying numbers**«. Each of the runners can choose its favorite number that has a unique meaning to a person. Whether its birth date, an important event or just a lucky number, that brings happiness, moral or/and mental support and well-being of a person. Each one can have their favorite start number for a minimum of 5,00 euros, while the upper limit of the charitable contribution is not fixed. The first round of the charity campaign was held on the St. Nicholas Day, when 13 runners brought their numbers and the second round starts on the 1st of February and ends on Valentine's Day on 14th of February 2018. All the funds raised will help to support the handicapped children from socially disadvantaged families.

While preparing for the April's run and choosing the favorite number get in touch with the registration@becool.sk for all the details.
